1 Introduction

1.1 General information
The online portal "BeVision" gives you direct access to the quantity reports in the database. Here you can view the quantities reported by your abattoir and/or coordinator on a daily basis, which have been transmitted to the clearing house (BFS finance GmbH). In addition, you can use the archive function to call up and download the documents created for you as PDF files. This manual will illustrate how you can use the "BeVision" system.

1.2 System requirements
To access the database, you need a PC with Internet access and an Internet browser. In addition, a programme for reading and opening PDF documents should be installed on your computer (e.g. Adobe Reader).

1.3 Access data
You will receive your access data by e-mail. Please log in to your protected data area using your personal user name (debtor number) and password. You can access the database via the following Internet address: https://tierwohl.bevision.app/

1.4 Registration
When you access the website, you will be taken to the login dialogue (Figure 1). Please enter your access data here (user name/login and password). To ensure maximum security, the password must be changed at least every 365 days. You will be prompted to do this automatically by the system when you log in.

1.5 Password guidelines

Password Policy

The security of your account is very important to us. Therefore the following requirements apply to the password:

Make sure that nobody but you knows your personal password.

Choose a complex password that cannot be guessed very easily.

- The password must be at least 15 characters long
- The user name (or parts thereof) must not be included
- You cannot use the last six passwords again
- At least 3 of the following 4 rules must be fulfilled:
  - One capital letter
  - One lower case letter
  - One number
  - One special character (e.g. #?$...)
- The password must be changed at least every 365 days.

Figure 2: Password policy
1.6 **Forgot password?**

If you have forgotten your password, you can retrieve it using the "Forgot password?” function (Figure 3).

![Sign in to your account](image1)

**Figure 3: “Forgotten password” function**

Clicking opens a new window. Please enter your user Username or your email address here. Complete this process by clicking on "Submit (Figure 4). A new password will then be sent to your e-mail address or to the e-mail address stored with the user name.

**Figure 4: Receive new password**
1.7 Logging out

In order to avoid misuse, you should log out of the online portal. You will find the "Logout" button in the top right-hand corner, as shown in Figure 5. After logging out, the start page for selecting the login dialogue appears again.

2 Working with BeVision

2.1 Homepage
After successfully logging in to BeVision, you will see the start page of your personal dashboard. On the left hand side, you can choose between "Dashboard", "Livestock Owner" & "Profile" in the menu. These are also displayed as icons to help you.

Figure 7: Menu items
2.2 Admin livestock owner

In the dialogue "Livestock Owner" you can find an overview of your data:

![Search mask Livestock owner](image)

**Figure 8: Search mask Livestock owner.**

By clicking on the selection of a specific Livestock owner, you will automatically be forwarded to the Livestock owner mask. This consists of two areas. The upper area provides you with a comprehensive overview of your core information:

![Core information of the Livestock owner](image)

**Figure 9: Core information of the Livestock owner**

In the second part of the screen you will find a selection of different display options:

- Documents
- Blocking Indicators
- Settlement Periods
- Movement data
- Functional Buttons
**Documents**: To download or print documents, click on the paper clip on the right-hand side.

![Figure 10: Document overview Livestock owner](image)

**Blocking Indicators**: Here you will find information about the type and duration of blocks.

![Figure 11: Blocking indicators](image)

**Settlement periods**: You will find an overview of your settlement period in the third tab.

![Figure 12: Settlement period](image)
**Movement data:** This is an overview of the quantities reported for you.

**Figure 13: Movement data**

**Functional buttons:** In this area you can set the automatic dispatch of your relevant documents. The dispatch of all documents is a default setting. By moving the button to the left, you can switch off the automatic dispatch.

**Figure 14: Functional buttons**

In this example the automatic dispatch of Participation Certificates was turned off.
2.3 Profile

Under the profile settings, you can view & complete the key data of your profile and also change your standard language settings

Figure 15: Profile mask
Please note that enquiries can be made via the contact form when logging in, as well as by telephone or e-mail. You can find the contact details in chapter “3. Contact” or on the “Dashboard”.
