Animal Welfare Initiative "Initiative Tierwohl" Poultry

Company Details

Business/Company: _____

Registration number of the location (official registration number): _____

As part of the Animal Welfare Initiative "*Initiative Tierwohl*" (ITW) person- and company-specific data are collected to help implement the ITW.

I hereby consent that said data (e.g. address data, audit reports, finding data)

1. shall be stored by the coordinator or another office within ITW, forwarded to the "*Gesellschaft zur Förderung des Tierwohls in der Nutztierhaltung GmbH*" [Company for the Promotion of Animal Welfare in Livestock Production Ltd.] (the "operating company") and stored in its databases. The right to the use of data collected and subsequently stored and processed within the databases of the operating company shall lie with the operating company.

Coordinators, abattoirs, marketers and all other scheme participants along with certification bodies, auditors, laboratories, veterinarians and other service providers within ITW are also authorised to use the data stored and processed, as long as and insofar as they need the data for completing tasks allocated to them in connection with the operation of ITW.

Person- and company-specific data - other than the fact that my company is participating in the Animal Welfare Initiative "*Initiative Tierwohl*" or is temporarily suspended or permanently excluded - may only be passed to third parties or stored and used for other purposes with my prior consent. The operating company and any service providers appointed and obligated to maintain confidentiality by the same, shall not be classed as third parties in the context of this declaration of participation.

2. shall be forwarded to *QS Qualität und Sicherheit GmbH* (QS) or to a quality assurance system nominated by me and recognised as equivalent by the operating company. I am aware that:
 - a) my information regarding the number or live weight of animals delivered may be verified by means of recourse to data held by QS/the equivalent quality assurance system.
 - b) the operating company and the body responsible for certified quality assurance standards shall exchange information relevant to achieving the objectives of this initiative or of the body responsible for certified quality assurance standards. This applies in particular with regard to information concerning animal welfare violations established in relation to participating livestock producers.
